

# BUCKAROO PUPPY BLEND

**My  
Perfect  
Pet™**

Buckaroo Puppy Blend is 100% complete and balanced for growing puppies and gestating/lactating moms. Perfect for weaning puppies, many breeders refer to us as “My Perfect Poop!”. Weaning puppies is known to be a challenging and messy affair, but Buckaroo Puppy Blend is easily digested and irresistible to puppies as well as moms, making the transition to real food as easy as putting it in the bowl. Naturally high in moisture there is no need to soak or dilute it before feeding. And because it is so easily digested, there is no stomach upset or diarrhea commonly associated with weaning. Buckaroo Puppy Blend is formulated to meet all nutritional needs of gestating or lactating moms, and growing puppies.
